SKILLS

DEVELOPMENT & TECHNICAL TOOLS

SQL | JavaScript | HTML/CSS | Python | TypeScript | Bootstrap | VBA | PowerApps & Power Automate | Boomi Cloud Platform | Coupa Risk Assess | ServiceNow | JIRA & Confluence | Salesforce | Git & Github | UIPath

CONCEPTS

UI/UX | A/B Testing | API Management | DNS/Domain Management | System Flow & Data Mapping | SDLC (Agile & Waterfall)

WORK EXPERIENCE

TECHNICAL SOLUTIONS CONSULTANT (contract)

 **Bank Of Montreal** - AUG/2025 – Present

- Supported enterprise banking systems within the risk-assessment domain, coordinating with several teams (PM, GTPRM, Procurement, Governance etc..) to ensure operational stability and compliance
- Collaborated within Agile delivery teams, participating in sprint planning, backlog refinement, daily standups, and iterative release cycles to ensure clear requirements for production release
- Designed and deployed PowerApps and Power Automate solutions that reduced manual effort and improved operational efficiency across risk-assessment workflows
- Devised and built a comprehensive Coupa Risk Assess system workflow in Microsoft Visio, improving testing efficiency, issue resolution, and solution design
- Participated in SDLC activities, providing requirement clarifications, validating acceptance criteria, and supporting release readiness
- Developed and maintained internal applications within Coupa Risk Assess (CRA) using JavaScript
- Leveraged AI to automate data parsing and bulk updates, reducing manual workload and improving accuracy across operational tasks
- Contributed to end-to-end testing, UX refinement, and production rollout of a PowerApps solution automating CRA approvals, improving throughput and reducing processing delays
- Served as AI Specialist for the product delivery team, advising on workflow optimization and integrating Copilot to automate repetitive tasks and enhance team productivity
- Authored SOPs and process documentation from scratch to reduce operational errors and accelerate support for new and existing team members

- Provided elevated technical support for the CRA system, diagnosing issues, coordinating with Coupa for fixes, and ensuring stable, high-quality system performance

TECHNICAL SUPPORT ENGINEER (bilingual)

 **EnGlobe** - FEB/2022 – AUG/2025

- Led end-to-end testing of ERP and business applications, identifying defects, optimizing workflows, and reducing testing time by 20%+
- Developed and refined SOPs, training materials, UX-aligned & system flow documentation for ERP & integration processes, enhancing team clarity, usability, and team adoption
- Implemented SSO integration, strengthening security, and reducing tickets by 50%+
- Facilitated cross-functional technical sessions to support knowledge transfer and accelerate adoption of new tools and technologies
- Worked within an Agile SDLC, contributing to sprint planning, backlog refinement, and cross-functional delivery
- Managed API keys, credentials, and Azure configuration
- Wrote and validated SQL scripts for database updates, and enhancements
- Leveraged Confluence to maintain SOPs, runbooks, and technical knowledge articles
- Delivered high-quality technical support while maintaining a 90%+ SLA compliance
- Collaborated with internal teams and escalated to external vendor to identify, test, resolve critical issues, and deploy system upgrade for Vantagepoint ERP and SafeTapp
- Served as lead implementation specialist for the migration from Azure to the Boomi platform, coordinating tasks and guiding the support team through the transition.
- Co-developed an AR monthly reporting tool using Python and Docker, automating data extraction and improving reporting accuracy
- Built a PowerApps application to streamline support workflows, centralize resources, automate SQL script updates, and integrate Power Automate for internal request routing
- Took ownership of the internal risk assessment tracker, collaborating with business and technical stakeholders to evaluate, prioritize, and mitigate risks

APPLICATION SUPPORT ANALYST

 **TD Canada Trust** - JAN/2021 – JAN/2022

EDUCATION

BACHELOR of SCIENCE (Honors) COMPUTER SCIENCE

Ryerson University - 09/2014 – 04/2018
